

## Close to Home Campaign

### Thank you to all who gave to “Close to Home” in 2011!

In fiscal year 2011, UConn employees, including Emeriti and retired faculty and staff, gave more than \$2.5 million to the funds across the University’s multiple campuses. Close to Home is an annual fundraising effort to engage UConn’s faculty and staff in giving back to the University. All are encouraged to make a gift to an area that is personally meaningful to them, whether for student support, a specific school or college, the performing arts or museums, athletics or another worthwhile program. Every gift makes a difference, because when those closest to the University show their dedication and pride in the institution, it signifies to alumni and others that UConn’s education, research and public service missions are worthy of their support, too.
